

Ascension of Christ 1520.
Painting by Garofalo.

Cause-and-Effect

Jesus shone the light of understanding on The Great Law of cause-and-effect and its manifestation when He said “whosoever should have no doubt in his heart but believe what he say cometh to pass, he shall have it.”

Whatever it is you’re trying to manifest through the use of The Great Law of cause-and-effect, do not be discouraged if you do not get immediate results. Look at it as if you are tipping the scales of trust in your favor, one thought at a time, as the good thoughts outweigh the negative thoughts. The positive balance can be ever so slight in order to bring about a subtle manifestation of the Great Law of cause-and-effect, which manifestation will continue to bear fruit to the degree it is nourished.
