

Faith and Trust

I have faith in your power,
I trust I'll be restored.
Let your love enjoin me,
keep me close forevermore.

Let me awaken to thy blessings,
reveal my true identity.
Let me glow with Holy Spirit,
as I perceive eternity.

Let me bind myself to thee,
as I utilize your power.
Let your love embrace me,
like the fragrance in a flower.

Let Life and Light shine through me,
reflecting perfect harmony.
Through communion and surrender,
I will find my way to thee.

I have faith in your power,
I trust in your eternal care,
as light destroys the darkness
and limitations disappear.

The power of God and ambition,
do not go hand in hand.
Let me be a humble servant,
for the benefit of man.
