

# King of Souls

King of Souls, King of Souls, you revealed your kingdom's glory  
It's an eternal life story, King of Souls, King of Souls.

The King of Souls descended from his throne of glory,  
knowing well that he would bring the world its greatest story  
He came to raise humanity, he played the greatest role,  
we learned to use the golden rule brought by the King of Souls.

He told a sacred story of the deepest mysteries,  
He did many magic deeds of love, so we believe his prophecies.  
He promised us eternal life and we cherish every word,  
we started time again for him in honor of his birth.

King of Souls, King of Souls you revealed your kingdom's glory  
It's an eternal life story, King of Souls, King of Souls.

Every year at Christmas time his spirit fills the air,  
His presence overwhelms us and we feel that he is near.  
The peace and joy of Christmas time are from seeds of love he's sown  
He soothes us with his spirit as he makes his presence known.

We feel the magic of his kingdom and the glory of its king,  
a king that won't forget about any living thing  
He has walked among us, he has told us of our home,  
His loyal subjects understand, he is the King of Souls.

King of souls, King of Souls, you revealed your kingdom's glory  
It's an eternal life story, King of Souls, King of Souls.

Every Christmas season, as thoughts turn to giving, one  
begins to feel the "spirit of Christmas" within.

If each individual would continue to be occupied with thoughts  
of giving year round, would it follow they'd experience the  
Christmas spirit or "spirit of Christ" throughout the year?
